

# Mollis

HAND CRAFTED COLLECTION OF KNITTED CUSHIONS FROM MOLLIS

The Mollis Loop and Texture cushion collection is fully inspired by the wool itself. It explores various knitting and crochet patterns, in which the chunky wool looks its best, creating contemporary, richly textured scatter and floor cushions. The cushions are hand crafted in England using the softest pure wool and filled with a quality British wool insert.

Mollis is a young, Hove-based company founded by a knitwear designer Hania Dudziak. Using her experience gained in the fashion industry, working with designers such as Bella Freud, Giles, Sibling, The North Circular, Ashley Williams and Ryan Lo amongst others, Hania brings a fresh design perspective and innovative techniques to our collection of soft furnishings.

Mollis is committed to using UK manufacturers and suppliers wherever possible. Experimenting with traditional knitting and crochet techniques and using luxury yarns Mollis strives to achieve unique and well designed products for the modern interior.
